Profile

Experienced Full Stack Developer skilled in React, Next.js, Node.js, and databases. Proficient in creating responsive UIs with Tailwind CSS and Bootstrap. Expertise spans frontend to backend, including GraphQL for efficient APIs. Delivered diverse web applications, thriving in agile environments. Constantly updating skills to stay current. Seeking challenging roles in software architecture or leadership. Passionate about innovative, user-centric solutions. Seamlessly navigating frontend and backend, I bring a holistic approach to create efficient, impactful applications.

Employment History
